

ZenithGroup

**SERVICES** | Zenith Group is a unique value proposition of metal manufacturers within the defence supply chain. Services include project management, state-of-the-art steel laser cutting, fabrication, precision machining and assembly.

**DISCRIMINATORS** | A more flexible and responsive supply chain partner

Broad Capability. Depth of Experience. Defence and Industry Proven.

Respond to Bid and Work packages as well as complete projects in full, quoting all parts. Your capability bridge with proven import replacement.

Local Manufacturing hub  
Multiple factories in Melbourne.

Multi Axis CNC  
Dozens of Multi Axis Individual Machines

High Speed 10kW Fibre Laser Cutting

**KEY CUSTOMERS**

LAND 121 3B & 5B

CLASSIFIED

LAND ENGINEERING AGENCY. MONEGEETA

Sea 5000

**CAPABILITIES** |

**Steel laser cutting**

10-kilowatt Prima Laser 3000 x 1500mm  
High speed power

**Oxy steel profile cutting**

Triple head CNC controlled  
Clean cut to 250mm depth

**CNC Brake press forming**

Five presses to 400 tonnes and 6m long  
Volume flexibility

**Automatic Robotic MIG welding**

Consistency of form and finish  
General and special-purpose welding

**CNC machines:**

Milling to 1430 x 800 x 700mm

Turning up to 380mm diameter, 650mm long

Multitasking simultaneous 5 axis milling and turning 670 x 1400mm

Probing & coordinate measurement capable

**QUALITY AND ACCREDITATION** |

ISO9001:2015 Certified & AS9100 Certified
